
Private Immigration Price Transparency Information

The Purpose

This document provides information about our costs for private immigration matters in accordance with the Solicitors Regulation Authority's Price Transparency rules. The prices quoted and set out in this document are for guidance in relation to our services.

Each instruction received would be costed according to the specificity of the work that is required. Therefore, the estimated costs are outlined within a typical range that would correlate to the specific work that we may have to undertake for you.

Please note our fees are:

- subject to reviews and may change during the course of your matter.
- If your matter is being charged at an hourly rate, we will inform you of any changes to our hourly rates in writing before any changes are applied to your matter.

Value Added Tax (VAT)

Not all immigration cases attract VAT. If you are liable to pay VAT, 20% will be added to our fees and some expenses or disbursements. This applies if your usual place of residence is the UK, including if you had leave to remain in the UK but overstayed. If you are not a resident in the UK, or you entered the country without permission or as an asylum seeker and do not yet have leave to remain, you are not normally liable to pay VAT.

All the prices below include VAT inclusive figures on the presumption they are to be charged. If VAT is not applicable, the VAT element will not be charged. We will inform you from the start of your matter whether our fee will be subject to VAT.

Our Services

We help private individuals and companies with all aspects of their immigration needs. Whether you want to relocate to the UK; make a visa application or apply for British Nationality, we will help you achieve your objective.

Our services include the following:

There are certain factors which may vary the range of costs above such as:

Factors related to the Case

- **Case Complexity:**

More complex matters require more time for research, evidence review, and legal understanding, increasing costs.

- **Volume and Type of Documents:**

A large volume of documents to review or complex documents to draft will significantly increase costs.

- **Need for Expert Advice:**

If the case requires specialist reports (e.g., medical reports, country expert reports, document authentication), this will add to the total expense.

- **Urgency and Timelines:**

Matters requiring urgent action or facing tight deadlines can increase costs.

Factors related to Third Parties and Process

- **Disbursements:**

These are expenses paid to third parties, such as court fees, interpreter fees, document translation costs. We have discussed this in detail below.

- **Cooperation and Delays:**

Unreasonable delays or a lack of cooperation from other parties or third-party providers can extend the timeframe and increase costs.

- **Court and Tribunal Timetables:**

Delays in hearings or unexpected extensions to timetables set by the court can incur additional costs.

What is included in your retainer?

The Key Stages will involve:

- discussing your circumstances in detail and confirming whether this is the most appropriate application for you to make and what other options may be available to you.
- giving you advice about the requirements of the Immigration Rules, EEA Regulations or citizenship laws and whether you meet the criteria.
- if you do not fulfil certain criteria, whether this can be overcome and how, all of which on average takes 1-5 hours.
- considering the supporting evidence you have provided, which on average takes 1 – 5 hours. The number of hours depends on the number of documents, whether they need to be translated, whether anything is missing and how long it will take to obtain the missing documents.
- where necessary, helping you obtain further evidence (such as medical records and subjective evidence materials), including taking statements of any witnesses, which on average takes 1 – 5 hours.
- preparing your application and submitting it on your behalf, which on average takes 1-5 hours.
- Attendance at a Home Office interview: if the Home Office ask you to attend an interview, we will give you clear advice (and discuss the possibility of us attending with you) at the appropriate time, which on average takes 1-5 hours to give.
- giving you advice about the outcome of the application and any further steps you need to take, which on average takes 1-2 hours.

Services not included in the fees quoted

- where you are invited to attend a Home Office interview, we will not attend that interview as part of the fee. It is not necessary for you to be represented at the interview, but you may wish to ask us to attend. Should the Home Office ask you to attend an interview, we will discuss the possibility of us attending with you at the appropriate time. This will be chargeable separately at a fixed rate of £1,500 (plus VAT @ 20% (£300) (total £1,800).
- if the Home Office refuse your application, the cost of challenging a decision if the application is refused is not included in the fee quoted above in relation to our representation prior to the decision being made by the Home Office.
- we will provide some initial advice and assistance in relation to any options as to reconsideration and/or Judicial review, but we will not be able to undertake the work in relation to that process. Should you wish to instruct us on this we can provide you with the relevant cost and service information if it arises.

Expenses and disbursements not included in the fee quoted

In addition to our fees and VAT (@ 20%) charges, we may have to pay for disbursements that are necessary for us to undertake your instructions.

Disbursements are costs related to your matter that are payable to third parties. We will advise you on any disbursement before it is incurred, including on the cost and date of such disbursement falling due. Our policy is to settle the disbursement on your behalf and recover the funds from you when we issue our fee invoice.

Immigration matters usually involve the following disbursements:

- Home Office application fees. Most private Home Office applications attract a fee. You may have to pay this to the Home Office directly as part of the application process unless you are deemed exempt and entitled to a fee waiver.
- Interpreting fees for meeting and/or translation of documents. Interpreters' fees range from £25-£50 per hour, plus VAT @ 20% (Total inclusive = £30 - £60 p/h). Most instructions will normally require between 3 -10 hours of client contact with an interpreter, depending on the complexity of your case.
- English language qualification certificates.
- Postage for letter and/or international correspondence.
- Expert fees: this might include confidential and independent medical and country experts reports that we commission on your behalf to help to support your case and

enhance its prospects of success. These costs are not required in most cases and are only incurred when deemed necessary. We will advise you, if necessary, in relation to the need to pay expert fees.

- Travelling expenses for any attendance. If there is an interview and you require us to attend with you, there will be additional disbursements in respect of our mileage/travel expenses.

Please note that any disbursement that is proposed will be discussed with you before it is incurred. We endeavour to obtain competitive rates for all third-party work undertaken, and we will always ensure you approve of any third-party quotations ahead of committing to the service. Whilst we have our register of relevant experts and interpreters, you are free to use and/or pay for any related disbursements by yourself.

******Please note that some disbursement payments are subject to VAT at 20%. Therefore, any disbursement that is subject to VAT, will be invoiced with the applicable VAT amount added to the disbursement******

How long will your matter take?

The timeframe for handling an immigration case can vary greatly and so it is extremely difficult to provide an estimate without knowing what the case involves. We would always aim to provide an estimate on specific cases and will always ensure this is confirmed in advance of starting work.

Whilst we cannot estimate the overall timeframes without knowing what the case involves, during your initial assessment, we will set out a realistic timeline for the conclusion of your matter. However, we cannot guarantee that your matter will be concluded by a specified date. We will discuss a timeline for the conclusion of your matter with you based on our experience in dealing with similar cases. Any timeline that is discussed will however be subject to your specific matter instructions; the availability and priority of the service that you have requested and other factors that are outside of our influence and control. We cannot guarantee how long the Home Office will take to process your application.

We will normally be able to submit immigration applications within 1-3 weeks of you instructing us depending on the availability of the required documents, evidence etc.

Tel: 0208 885 3999 | Email: info@virgosolicitors.co.uk |
www.virgosolicitors.co.uk | www.abesstaqi.com

However, we will let you know at the earliest opportunity if it is likely to take longer than this.

If your case is urgent with a deadline for submission within one week for instance we will discuss this with you and advise on the practicalities of meeting the deadline and if we are able to do so agree an appropriate plan or course of action.

We cannot provide a timescale of when appeal hearings will take place, as this depends on the court listings.

The time taken to prepare an appeal varies depending on the issues of the appeal. The time required is likely to be in the range of 20 - 40 hours preparation time. It will be rare that we would be able to thoroughly prepare your appeal in less than 20 hours. This means that on average costs are between £3,500 and £7,000 plus VAT @ 20% (Total inclusive = £4200 - £8400), where the work is undertaken by a junior Assistant Solicitor and between £6,000 and £12,000 plus VAT @ 20% (Total inclusive = £7200 - £14400), where an experienced partner undertakes the work. If you reside outside of the European Union no VAT is chargeable.

Regarding representation at appeal hearings, it is our usual practice to instruct high quality barristers to represent you. We will collaborate closely with the barrister and in most cases we will arrange a meeting with you and the barrister prior to the hearing (known as a "conference"). We will discuss with you the options and offer you a range of experience and price. Costs for the barrister are likely to be in the range of £1,000 - £5,000 plus VAT @20% (Total inclusive = £1200 - £6000), depending on the seniority of the barrister and the complexities of the case.
